There are many reasons to choose TREVITT REALTORS. In a decade of consolidations, failures, mergers and buyouts, wouldn't you rather be part of a solid company with strong roots in your community?

You won't be just another body, but valued as a professional with unique needs and contributions to make.

As an independent company,

...we pledge more individual attention, one-on-one coaching, and career support

...we own and manage our business without obligations to outside entities, so we set the agenda and change course as needed for the best possible results. Real estate is our only business.

...we are part of the community and proud of our reputation for outstanding service, which cannot be franchised.

...With TREVITT REALTORS name on the door, your clients will recognize and appreciate our accessibility & accountability.

...our name is a well-recognized real estate presence in what still remains a local business. Local independent brokers still represent the Number One market share in more mid-to-larger markets than national franchises.

...with our firm, you retain a higher proportion of your commission dollars than with any other franchise or network.
